CHARTER SCHOOL Associate Member

At the April 22, 2009 WIAA Annual Meeting, the membership approved an Associate Member option for member schools who have established charter schools under their chartering authority. This Associate Member option does not apply to charter schools who have their own programs and have regular membership status.

Charter school students may wish to participate in athletics as a part of their charter school experience. **Charter school students are only eligible if the charter school becomes a WIAA Associate Member.**

Following are the provisions associated with this type of membership:

1. As a result of the Board of Control action on 4/21/15, and membership action on 4/26/17, the \$50 Associate Member fee is permanently suspended.
2. An Associate Member's students are eligible only at the school that is also a WIAA member within the chartering authority of the school district. An Associate Member cannot co-op with any school(s) outside their district.
3. The Associate Member's enrollment will be added to each of the schools where students are eligible to participate.
4. In multi-high school districts, an Associate Member's students are eligible at the school of residence only. WIAA transfer rules apply.
5. An Associate Member that voluntarily withdraws from the Association may not renew for a period of four (4) years.
6. An Associate Member is not afforded voting privileges.

By becoming an Associate Member, you are agreeing to adopt the rules of this Association and to conduct your athletic program in accordance with the Constitution, Bylaws, Rules of Eligibility and Season Regulations (boys and girls) as well as the interpretations and decisions of the Board of Control.

Contact Dave Anderson, WIAA Executive Director, for assistance.
