Marshfield Community Center

WIAA Officials Clinic

9 am to 3 pm

Attention WIAA Volleyball Officials, (ALL LEVELS including Masters)

This officials clinic will be more round table based, than on court critiquing . We will be emphasizing the R2 role, with time remaining to be finished with R1. We will be going over some of the R1 during our discussions. Our goal will be to use our rule books as the guideline for this clinic. Hoping for lots of discussion amongst all of us. We can all learn from each other. Newer officials will be able to learn a lot from seasoned officials who will be helping to lead the discussion and those in attendance. We are hoping to have at least five seasoned officials present to be leading the discussions.

One of the topics we will be working on will be line ups. Would love to have everyone bring their line up cards that they use. This will allow us the opportunity to see what other officials use and techniques for keeping track of setters and serving order, along with other markings you put on your card to keep track. We will also be putting some of you on a makeup court to be able to visualize lineups. By doing this we will be able to talk about how some are able to spot setters and back row players quickly.

The cost of this clinic will be \$30.00. These fees will cover the cost of the rental of the facility, lunch and extra printed materials.

Please mark your calendars today and plan to attend. We feel this will be a very worthwhile clinic for everyone.

If you have any questions, please do not hesitate to reach out to Heidi for more information.

Please send me an email if you plan on attending so I know how much food and materials I need to prepare for. You can bring your checks or cash the day of the clinic.

Thank you for making the effort to improve your game and help others with theirs. We can all learn from each other.
