TOURNAMENT PROCEDURE

Individual Tournament Series

1. ASSIGNMENTS OF SCHOOLS WILL BE ON A GEOGRAPHICAL BASIS IN THREE CLASSIFICATIONS (DIVISIONS 1, 2 AND 3).

- The largest 128 member schools sponsoring wrestling are in Division 1. Of the remainder, 50% are in each of Divisions 2 and 3.
- If there are an uneven number of schools for Divisions 2 and 3, Division 3 will include one more school than Division 2.
- Cooperative teams are placed into divisional competition on the basis of the combined enrollment of the schools involved.
- Competition by divisions (in two, three, and four division sports) will culminate with schools in Division 1 having twice as many qualifying teams/individuals as schools in other divisions except that ratio is altered in cross country and wrestling because of the unusual disparity in the number of schools in Divisions 2 and 3.
- Schools may be allowed to play up one division in any sport (except football) from where its enrollment would otherwise place it if an application is submitted prior to April 1. This will not cause other schools to be displaced.

2. THE TOURNAMENT PLAN – LEVELS OF COMPETITION, DATES, QUALIFYING AND SITES – IS AS FOLLOWS:

Note: In the event scheduled classes are interrupted or terminated due to infectious/communicable disease, refer to WIAA Bylaws, Article II, Section 6-A. (p. 25) of WIAA Senior High Handbook.

- Schools are assigned to one of 16 regionals in each division on Saturday, **January 30**.
- Sectional Qualifiers
The first four finishers in each weight division in Division 1, and the first two finishers in each weight division in both Divisions 2 and 3 in all regionals, qualify for one of eight sectionals in Division 1 and one of four sectionals in Divisions 2 and 3 on Saturday, **February 6**.
- State Qualifiers
 - The first two finishers in each weight division in Division 1 and the top three finishers in Divisions 2 and 3 in all sectionals qualify for the State Tournament.
 - All wrestlers must weigh in all three days of the State Tournament.
 - All wrestlers will compete all three days **except** 1st place sectional finishers in Divisions 2 and 3.
 - Assignments of teams to tournaments and host schools for those tournaments will be announced on the WIAA website in late spring. Schools that are able to use the trackwrestling.com program with electronic bout sheets will be given priority when attempting to assign regional and sectional hosts.

3. RULES GOVERNING COMPETITION

All specifications of Numbers 8 and 15 under SEASON REGULATIONS (pages 42-47) will apply with these exceptions and additions:

Athletes who are ineligible during the WIAA Tournament (for any reason) may not appear in uniform, participate in warm-ups, and may not participate in the awards ceremony at the WIAA Tournament. Exception: An injured athlete will be allowed to participate in the awards ceremony provided he/she is included in the roster allotment for that game.

- A school may not compete in the tournament program if it has participated in more than 14 meets, or in more than 7 multiple school meets.
- A school must participate in a minimum of four varsity meets in the regular season to be eligible for tournament competition. **Note: This rule is waived for 2020-21.**
- The WIAA office will furnish all participating schools necessary details to enter their athletes into the regional tournament using the Track Wrestling program.

Note: **Line ups must be entered by midnight Thursday prior to the regional tournament.** Head to head competition should be entered between midnight Thursday and midnight Friday.

- To list the names of wrestlers scheduled to compete in the regionals.
- Trackwrestling may be used as a record/worksheet to reference when entering competitors' names into the tournament data program.
- These lists are tentative and changes may be made up to and on the day of competition.**
- Records of each wrestler within the division in which he is entered must be indicated along with any other pertinent information (record in other weight classes, record against wrestlers in same regional, etc.) which may be useful for the determination of seeding at the coaches' meeting. See paragraphs (4) and (5) of seeding guidelines beginning on pages 49-50.
- Schools must take to the regional to which their school is assigned:
 - Copies of 7% printouts containing the most recent data on each wrestler that may be entered in the regional.
 - Weigh-in sheets from all meets the team participated in during the two weeks prior to regionals.
- Coaches are required to name their final entries by weight class prior to the start of the seeding meeting, not necessarily at weigh-ins.**
- All weights recorded by the official on official weigh-in sheets remain official and cannot be changed, or deleted, whether the wrestler competes in that event or not.
- Covering a communicable skin condition is not acceptable and does not make the wrestler eligible to participate. An on-site meet physician may override the diagnosis of the physician signing the physician's release form for a wrestler to participate with a particular skin condition. NF 4-3-3 and 4-3-4.

- (9) Regional tournament hosts may release their competition pairings to the public at the end of the seeding meeting.
- (10) After the regionals, there are no entry forms for schools to complete or forward relative to sectional and State competition.

d. Length of bouts

- (1) All regional and sectional championship matches including wrestlebacks will be six-minutes long – three two-minute rounds. **Regional consolation matches for 5th and 6th place shall be two minute first periods.**
- (2) All State tournament consolation and/or wrestleback matches will be five-minutes long – one minute first period.

e. Substitutions

- (1) There is a provision in the tournament program permitting replacement of a wrestler who has qualified from one level to the next but is unable to continue (excluding not making weight).
- (2) The provision extends ONLY to a) 5th place wrestler in Division 1 regional and third place wrestlers in Divisions 2 and 3 regionals and b) third place wrestlers in all Division 1 sectionals and c) fourth place wrestlers in all Divisions 2 and 3 sectionals.
- (3) There is no provision for moving up any other wrestlers.
- (4) Notification should be given as early as possible so the substitute can prepare. There is, however, no deadline. Substitution can be made up to weigh-in time.
- (5) If substitution is necessary because a first place winner (regional-to-sectional or sectional-to-State) is unable to continue, the second place qualifier will move into the winner's position and the third place wrestler into the second place wrestler's position.

(6) If there is no substitute, the original placements stand.

- (7) If a vacancy occurs because there is no available or eligible substitute, the scheduled opponent receives a forfeit.
- (8) If a wrestler fails to make weight, his opponent receives a forfeit.
- (9) A school is expected to IMMEDIATELY notify the WIAA, the school of the substitute wrestler and the tournament host, in the event one of its qualifiers is unable to continue in the tournament program.**

- f. UAVs are prohibited at all WIAA indoor tournaments. The complete policy for UAVs is located on page 52 of the Senior High Handbook.

4. REGIONAL TOURNAMENT

- a. Scheduling of Competition - Saturday, **January 30**

Except for weigh-in, coaches' meeting, and opening round, no specific time schedule need be established by tournament manager. All regionals must follow a procedure in which starting time of finals is NOT determined UNTIL opening session has concluded. The reason for this procedure is the wide variance in such factors as number of entries per school, available mats, travel, urban-rural setting, etc. Managers must have two separate sessions of wrestling. Time schedules for weigh-ins and first session will be announced on the WIAA website.

- b. Tournament Pairings

Rule book instructions and instructions below apply.

Note: (1) All weight classes – even if there are four or less wrestlers – must be set up and scored as an eight wrestler bracket. Scoring must include appropriate points for all ensuing byes. (See d. (2) of SCORING)

- (2) All divisions must conduct wrestleback matches to determine second place. (These matches are to be six minutes in length.) At the regional tournament a limited wrestleback shall be provided to D1 wrestlers only in cases where the 5th place finisher has not met the 4th place finisher.

- c. Regional seeding Information and Procedures

- (1) Track wrestling shall be used for seeding of all regional tournaments.
- (2) Materials to have on hand: Computer, projector and screen.
 - (a) Tournament host should provide to all coaches a list of participants by weight, not by team, with their records. For example, all 106 pound wrestlers should be listed not alphabetically but according to their record, with the best winning percentage listed first and the one with the poorest record listed last.
- (3) When drawing a bracket, every wrestler shall be seeded and all seeds are placed on the bracket.
- (4) General considerations.
 - (a) Do not start your meeting early unless all coaches are present and ready to start. The meeting must be conducted by a licensed WIAA wrestling official and they will have final authority.
 - (b) The seeding meeting is a working session and attendance should be limited to coaches and at the host's option, working media. The seeding meeting should not be open to spectators.
 - (c) Prior to the beginning of the meeting, the head official will meet with each head coach in confidence and they shall verify their contestants / wt. class. This means they may alter their line up in any manner as long as the wrestler is eligible for that weight class. Coaches may not request to see nor may the official divulge other school's lineup changes during this process.
 - (d) Final line up changes will now be announced by the head official prior to the start of the seeding meeting.
 - (e) Any ground rules to be used that are not already entered into track wrestling must be established by a simple majority vote of the head coaches present with the official voting if there is a tie.
 - (f) All coaches may appeal for a specific seed by using the following mechanisms:
 - 1) The coach making the appeal shall make a statement regarding factual information indicating a seed is justified.
 - 2) Any head coach present may either support or make a statement of disagreement regarding the request. His opinions should also be limited to factual information.
 - 3) A simple majority vote of the head coaches present and voting will prevail (a coach does not need to vote). A tie vote means the appeal lost. The head official may not vote on such appeals.

REGIONAL TOURNAMENT (Continued)

- (g) The following ground rules should be followed.
- 1) Percentage win / loss records of a wrestler will be a basic consideration.
 - 2) All wrestlers are seeded. Those wrestlers with 10 or more matches will be seeded first. Those with less than ten matches will be seeded immediately following.
 - 3) The following criteria should be used to calculate record percentages.
 - a) A wrestler may not assume losses in order to build up their record to the minimum number of 10.
 - b) Only varsity experience shall be counted. It is considered varsity competition if either wrestling is representing his varsity. All varsity experience shall be counted regardless of the weight class the record was earned at.
 - c) Matches won by a forfeit shall be included in the win record of a wrestler. This would not apply if the whole team won by a forfeit. For example, the opposing team did not show up for the contest. Forfeit losses caused by an earlier default in a tournament shall not be included on a wrestler's record unless he returns to competition in that tournament.
 - d) Wins and losses resulting from defaults shall be included in a wrestler's record.
 - e) All byes in the championship bracket or consolation bracket received during regular season tournaments will count as wins if the wrestler won his next match in the bracket.
 - 4) A wrestler deserving a seed may not refuse nor request a lower seed (with the possible exception noted in 5c below).
 - 5) If a percentage tie exists, and the wrestlers have not met earlier in the season, the wrestler with the greater number of total matches receives the higher seed.
 - 6) If a percentage tie exists, and they have met earlier in the season, the outcome of that match will get the better seed. Also, if two wrestlers are consecutively seeded (such as 3 and 4) and they have met earlier in the season, the winner of that match will get the better seed. Any ties in seeding criteria (record, number of matches, etc.) will be resolved by a random draw.
 - 7) Excuses for losses, such as illness, are NEVER to be considered.
 - 8) The appeal mechanism as described above is always available.
 - 9) All wrestlers in a bracket will be seeded and when byes exist, the highest seed(s) will receive bye(s).
- (5) Some additional considerations that may be considered through the appeal mechanism.
- (a) In cases where a wrestler has wrestled far fewer times than another wrestler in his weight class, his record need not be considered best. For example, an 18 and 3 record may be considered better than a 9-1.
 - (b) The caliber of competition within which a record has been established may be considered. For example, some good records may have been earned at the expense of junior varsity type opposition.
 - (c) The basic objective of seeding is to place the best wrestlers so that they will advance the furthest in the tournament before they meet. With this in mind, coaches present may, by simple majority vote, do virtually anything they wish. An example of a mechanism that may help resolve a difficult situation is the following: If in a given weight class, there is one wrestler who is clearly superior to all others, he should be given the number one seed. If the next three wrestlers are very close in ability, rather than place one of them in the same half-bracket with the outstanding wrestler, it would be permissible to place these wrestlers in the lower half-bracket. In effect what this does is to allow them to decide the second best wrestler by actually wrestling one another. It would be advisable to identify the number two seed so that he would be placed in the quarter-bracket of the lower half away from the number three and four seeds. Such procedure would, of course, be done by a simple majority vote of the head coaches present.
- d. General seeding guidelines **not** using track wrestling (during the regular season, outside of regional competition).
- (1) Refer to the general considerations in c (4).
 - (a) modifications include:
 - 1) A simple majority vote by head coaches **or** the host school will determine the minimum matches necessary for a seed.
 - 2) All wrestlers may be seeded or records at .500 or better may be seeded.
 - 3) If .500 or better record is required, then seedable wrestlers will be seeded, byes will be drawn, then the unseeded wrestlers will be randomly drawn to fill in the remaining positions on the bracket.
 - 4) If all wrestlers are seeded, as in track wrestling, the highest seeded wrestler(s) will receive the byes.
- e. Additional considerations
National Federation Rule #10 covers conduct of tournaments as well as bracketing situations.
- f. SCORING
- (1) Place points will be accumulated toward team total as follows:
 - (a) 16 points to champion.
 - (b) 12 points to runner-up.
 - (c) 9 points to third-place wrestler (loser of wrestleback finals).
 - (d) 7 points to fourth-place wrestler (loser of first wrestleback).
 - (e) 5 points to fifth-place wrestler.
 - (f) 3 points to sixth-place wrestler.

The team scoring the most points at the regional qualifies for the Team Tournament Program. Information on this program – including procedures to break ties in the event the regional has more than one team champion – can be found on pages 61 and 62.

REGIONAL TOURNAMENT (Continued)

- (2) Additional points at the regional level will be scored on the basis of eight man brackets and accumulate as follows: **Note: No points are awarded for pigtail/preliminary matches.**
- (a) Advancement points
- 1) Two points in championship flight competition and one point in wrestleback competition.
 - 2) A wrestler receiving two successive byes will receive advancement points for each if he wins his next match.
 - 3) Advancement point scoring for byes apply to the wrestleback bracket as well as the championship bracket.
 - 4) An advancement point is awarded to the wrestler that wins the third place match in regional, even if a final wrestleback match is not necessary.
 - 5) No advancement points are awarded for: Consolation Matches, Championship and final wrestleback matches in regional, or in a weight class with only one wrestler.
- (3) Two points are awarded for each win by a fall, forfeit, default or disqualification.
- (4) One point is given for each decision won by 8-14 points.
- (5) One and one-half points are awarded for each win by a technical fall (15 points or more).
- (6) In an incomplete bracket (anything less than eight) any wrestler receiving a bye will receive four points for his team if he wins his next match (two points for advancement and two points for lost potential pin). If he received two byes before his win, he will receive four points for each bye.

Note: Every wrestler is entitled to the opportunity to score as many points for his team as any other wrestler. It therefore becomes necessary to pay particular attention to situations involving byes. The following is offered to help clarify how to score these situations.

If a wrestler wins his first match, he is entitled to two advancement points and two pin points (a total of four points) for each bye he received before his win. If there are four wrestlers, each has received a bye in the first round (round of 8). If there are only three wrestlers, one has received two byes before his first match.

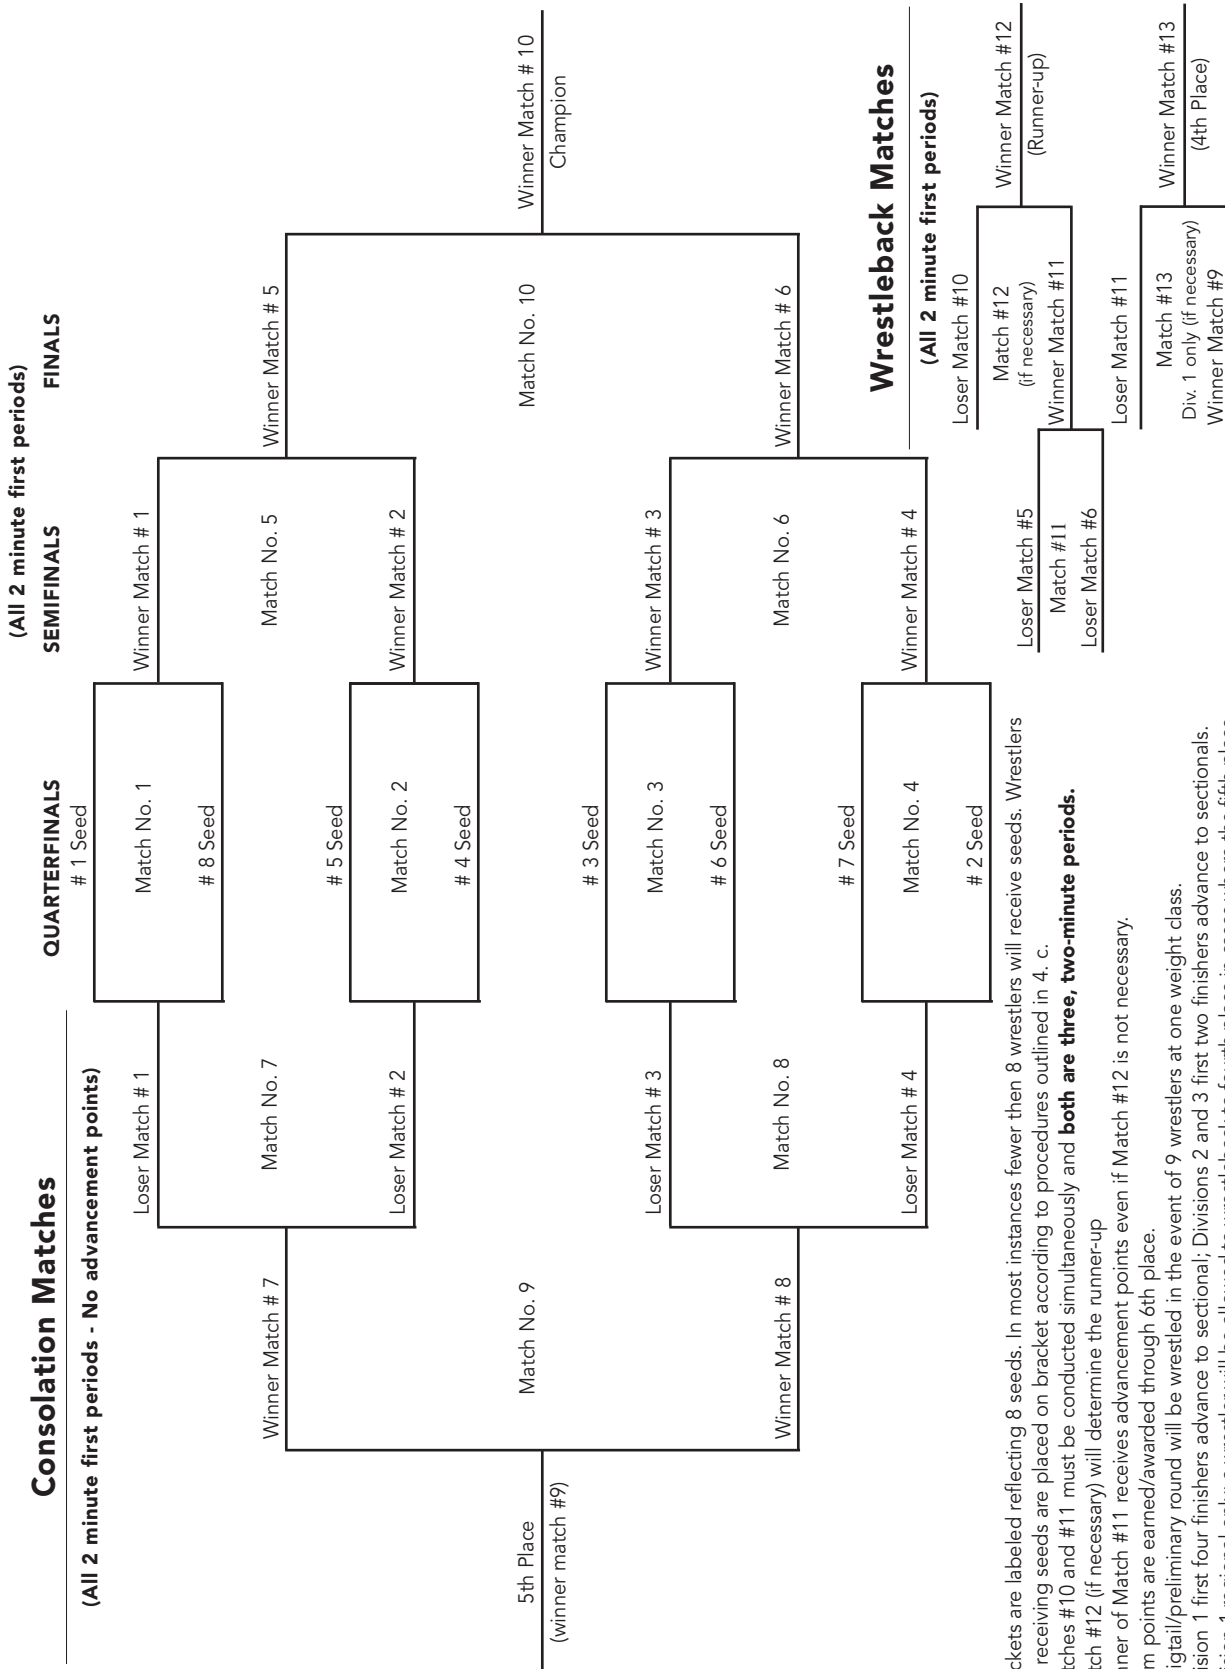

In the event there are only two wrestlers in the weight class, each has had two byes before they meet for the championship. The winner, therefore, is entitled to four advancement points and four pin points after winning the championship match. He would in addition earn first place points, as well as any points earned by a pin, technical fall, or major decision in the championship match. The loser in this situation is entitled only to second place points.

In a weight class with only one wrestler, only place points will be awarded. No advancement points are awarded unless a wrestler competes and wins.

REGIONAL TOURNAMENT (Continued)

g. Regional Bracket

Championship Matches

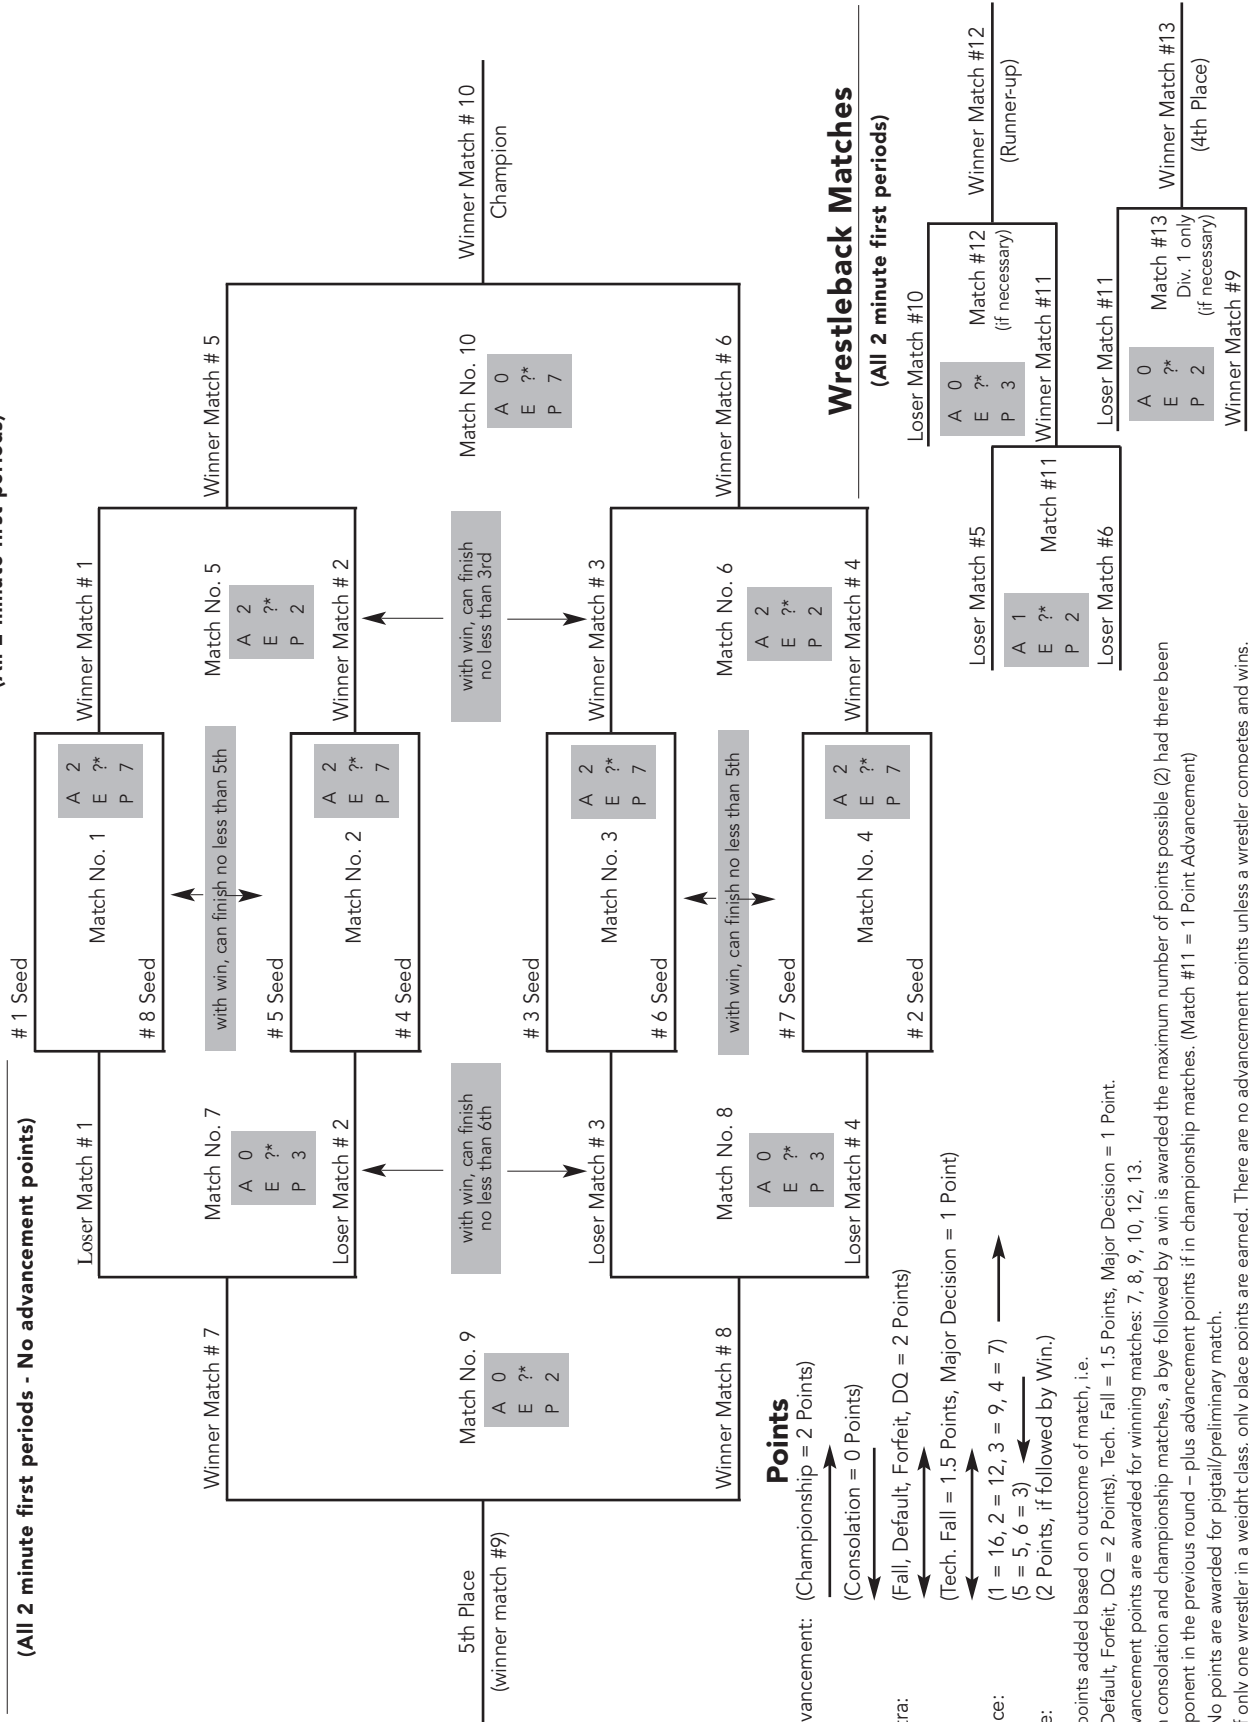

- Note: 1. Brackets are labeled reflecting 8 seeds. In most instances fewer than 8 wrestlers will receive seeds. Wrestlers not receiving seeds are placed on bracket according to procedures outlined in 4. c.
2. Matches #10 and #11 must be conducted simultaneously and **both are three, two-minute periods.**
3. Match #12 (if necessary) will determine the runner-up
4. Winner of Match #11 receives advancement points even if Match #12 is not necessary.
5. Team points are earned/awarded through 6th place.
6. A pigtail/preliminary round will be wrestled in the event of 9 wrestlers at one weight class.
7. Division 1 first four finishers advance to sectional; Divisions 2 and 3 first two finishers advance to sectionals.
8. Division 1 regional only: a wrestler will be allowed to wrestleback to fourth place in cases where the fifth place finisher has not met the fourth place finisher.
