

First Aid, AED and CPR Certification Resources

Beginning with the 2017-18 school year, all paid coaches shall be certified and will maintain certification in First Aid, Cardiopulmonary Resuscitation (CPR) certification and AED operation. Beginning with the 2016-17 school year, this requirement must be met before coaches start their second year of coaching. Schools are allowed to use any available service to meet this requirement. Below are some examples of available resources for certifications throughout the state.

American Red Cross - Is identified as the preferred provider for First Aid, CPR certification and AED operation. The American Red Cross will assist coaches and school staff with providing First Aid training options. The Authorized Provider Package offers certification training for a nominal charge. The Instructor Training for Authorized Providers Package offers training and certification to become an instructor for the Authorized Provider option. The Full Service Package offers certification training at your location for eight or more people by a American Red Cross full service trainer. The American Red Cross also has AED packages available for schools and teams. Contact your local agency or the Red Cross support center at 1-800-733-2767

National Federation of High School Association (NFHS) - First Aid online course available at a cost of \$35 for each individual. This online First Aid course does not include AED or CPR certification. It is only First Aid certification. Go to NFHSLearn.com for complete information.

YMCA - Contact local YMCA. Some throughout the state offer certifications.

American Heart Association - Contact your local agency.

Bellin Health - Bellin athletic trainers are American Heart certified instructors in CPR & AED. Megan Baiert
megan.baiert@bellin.org

Human Kinetics Coach Education (HKCE) (formerly ASEP) - First Aid Course - First Aid course available online at ASEP.com. Currently offering free Sport First Aid instructor training for athletic administrators. These individuals are required to participate in a New Instructor Training webinar. After the webinar is completed they mail each new instructor complimentary instructor resources for the course(s) they plan to teach. If the new instructor has not previously completed Sport First Aid they are also provided with a free online course(s) to complete their training. New Instructor Training Webinars are scheduled each month upon request HKCE will schedule webinars specifically for school districts. Contact: Jerry Reeder at 217-351-5076 ext. 2325 or to their website at www.asep.com or www.humankinetics.com

Advanced Professional Healthcare Education - Offers American Heart Association courses throughout the state of Wisconsin. Pre-scheduled courses that individuals or small groups can register for. Also will schedule on-site classes for groups at any location in the state. The course offered for coaches is called HeartSaver First Aid and AED training. The course covers, adult, child and infant CPR with AED use and practice. The first aid is a wide variety of medical emergencies and the immediate management of them. The certification is through the American Heart Association and is current for 2-years. For more information go to their website at www.aphed.com or contact Nicole Fritsch at nicolemfritsch@gmail.com or 414-791-5018.

CPR4Coaches, LLC - Offers the CPR and AED certification coaches need through the American Heart Association. The HeartSaver CPR AED class teaches the basic adult, child and infant CPR and AED skills to respond to a sudden cardiac arrest emergency until the emergency medical services arrive. The course will also cover adult, child and infant choking. The HeartSaver First Aid class will teach critical skills and knowledge needed to respond to and manage a variety of medical emergencies. Both courses would be taught at your school by retired Assistant Athletic Director, Coach and Physical Education Instructor and Certified American Heart Association Instructor Gayle Luehr. Classes can be combined or taught independently. Gayle is dedicated to working with Athletic Directors to provide flexibility in scheduling class times at reasonable fees. Contact Gayle Luehr at CPR4coaches@gmail.com or call 847-533-8177 for additional information.
