PREMEET INFORMATION

A. Course

To assist schools, managers have been instructed to send a map of their course to all schools competing at their tournament. The map should include, as much as possible, a description of the course (terrain, surface, turns, etc.). Hopefully this will assist schools who have not run the course.

1. Course should be marked no later than 1 1/2 hours before the meet.
2. Course should only cross pavement, not run along the side of roads, parking lots, and sidewalks.
3. Natural barriers should be utilized where possible.
4. Blue flags should be used where the course is not lined or where there might be a question.
5. Flags should be placed three feet to the side of lines.
6. The starting line should be established so that lane 1 is on the runners' left.
7. A visual marker (flag, cone, etc.) must be present 100 meters from the starting line to assist officials with recalls.
8. Distance from start to first significant turn should be 300 to 400 yards. Double turns should be used instead of 90 degree turns where possible, particularly early in the course.
9. Course should allow 800 meters before the course narrows and restricts runners to pass.
10. Chute should be constructed long enough and in such a manner to eliminate potential overflow of runners. (Rule 8-3-4, 8-3-5, 8-4-7 Figure 10)
11. Course distances should be as accurate as possible. Markers should be clearly visible at each mile with splits provided all runners at those points.
12. Course should allow 1/2" spikes to be worn.
13. Meet management must identify the restricted and nonrestricted areas.
14. The use of lead and trail vehicles/carts is recommended. If only one vehicle/cart is available it should be used in a trail capacity.
15. The use of music at meets should cease two minutes prior to the start of the race. Note: Other than music used by meet management, noisemakers and audible music will not be allowed at or near the starting line. (Earbuds are allowed prior to the race).
16. Course shall be 5000 meters.
17. The use of double boundary lines and outside boundaries are allowed. Directional signposts would still be required.

5. Deadline for entries is 11:59 p.m., Tuesday, October 18.

7. Alternates – It is not a requirement to list alternates when doing entries. However, if alternates are listed it assists the timing services in making changes to the line-up (listing 3 alternates is an appropriate number). The make-up of your team may change from sectionals to State (this does not apply to individuals who have qualified for State).
