

WIAA Wrestling Minimum Weight Appeals

The WIAA now has **three** approved facilities for minimum weight testing via hydrostatic weighing or DXA, **however UW-Madison will not be available for 2018-19**. This option is available as an appeal option or through the special re-weigh provision.

Appeals must be done prior to a wrestler's first competition. The deadline for the special re-weigh provision is **January 25, 2019**. For more information please see p. 46 of the Wrestling season regulations.

Your first skinfold weight is considered an official weigh-in record. You will be weighed for this appeal/re-weigh and **the 1.5% per week weight gain/loss limit still applies** – this test will be invalid if 1.5% per week is exceeded. **The original measurement date is not counted for calculating weight loss. You MUST bring along a copy of your updated weight loss plan as well as the two most-recent weigh-in records (original minimum weight results if applicable) in order to verify your weight.** A photo ID is also requested.

Important Reminders for Coaches and Athletes:

1. It will be the responsibility of the wrestler to maintain sufficient hydration to pass the hydration test when they arrive for the appointment.
2. It will be the responsibility of the wrestler to bring the required paperwork including the weight loss plan **clearly showing weight loss down to their consent weight.***
*** Coaches must change the Consent Flag to Y in Trackwrestling BEFORE printing the wrestler's weight loss plan.**
3. The wrestler will not be eligible for the scan or underwater weighing if their body weight (at the time of the appointment) is less than the weight loss plan indicates for that date.
4. If the wrestler's weight at time of appointment is less than that indicated by the weight loss plan, the appointment will conclude. They will not be allowed to eat, drink, or add clothing to be re-weighed.

For appointments at any of our approved facilities, contact the individuals listed below:

~~University of Wisconsin Hospital Sports Medicine Center – DXA
Randy Clark
608-265-3798~~

Not available for 2018-19

University of Wisconsin – La Crosse – Hydrostatic Weighing
Chris Dodge
608-785-8685

Bellin Health – Green Bay – DXA
Jesse Jorgensen
920-609-8530

Questions:

For rule or procedural questions contact Wade Labecki at the WIAA (715-344-8580).

WIAA Minimum Wrestling Weight Appeals 2018-19 Season

Why: The WIAA has a provision whereby the minimum wrestling weight may be appealed either by hydrostatic weighing or dual energy x-ray absorptiometry (DXA). The following information will help you prepare for your appeal.

Where:

~~**Madison – DXA** - The test will take place at the U.W. Health – Research Park Sports Medicine Center located at 621 Science Drive, Madison, WI
Directions: West Beltline Hwy (Hwy 12 and 18)
Exit at Whitney Way – North on Whitney Way 3 Blocks
Right on Science Drive – Second building on right
Check in at front reception desk (call 608-263-7936 if you get lost)~~

Madison not available
for 2018-19

Green Bay – DXA –The test will be conducted at Bellin Health, 744 S Webster Ave, Green Bay, WI. Check in at the imaging front desk.

Directions: From North: South on Highway 41, take exit #168 onto Mason St., At roundabout, take 3rd exit onto WI-32 S / WI-54 E, Keep straight onto E Mason St, Turn right onto S Webster Ave / CR-X
From South: Go North on Highway 41, take exit #168 onto Mason St., At roundabout take 1st exit onto W-32 S/ WI-54 E, Keep straight onto E Mason St, Turn right onto S Webster Ave / CR-X

La Crosse – Hydrostatic Weighing - The test will be conducted at UW-La Crosse, 1725 State St., La Crosse.

Directions: You will be tested in Room 225 Mitchell, which is the gymnasium/field house (southeast corner, second floor). The street corner outside is 20th and Campbell Rd.

<https://www.uwlax.edu/map/directions/>

How do I prepare:

DXA - The test requires an overnight fast. Do not eat for 12 hours before arriving. However, drink plenty of water. The athlete must pass the **URINE SPECIFIC GRAVITY TEST** upon arrival to be eligible for the DXA test. The following guidelines will be helpful:

- **DO NOT** eat any food for 12 hours before the test.
- **DO NOT** drink coffee, alcohol, or beverages containing caffeine (Coke, Pepsi, Mountain Dew, etc.) during the 12 hour fast. Drink water!
- **DO NOT** exercise for 12 hours before the test.
- **DO** drink plenty of water (after practice and in the morning)
- **DO** bring T shirts and cloth shorts
- **No metal objects on the body. Earrings, piercings, etc. will not be allowed**
- ****You MUST have a copy of your updated Weight Loss Plan with most recent weigh-in recorded**

Hydrostatic Weighing - The athlete must pass the **URINE SPECIFIC GRAVITY TEST** upon arrival to be eligible for the test. If you are testing early in the morning make sure you urinate before you show up at the lab and are able to urinate upon arrival. Try to limit exertion the day prior to the underwater weighing, which will minimize protein in the urine. While electrolyte drinks have their place, excess electrolytes will be excreted in the urine. Starting the day before just drink water. **You MUST have a copy of your updated Weight Loss Plan with most recent weigh-in recorded.**

Appointments and Fees: Tests must be completed by January 25, 2019.

~~**Madison** - To schedule an appointment please call Randy Clark at 608-265-3798. 1-hour appointments are **scheduled by phone on a first come first served basis.** If you reach Randy's voice mail, please leave a message for him to return the call. Appointment times in Madison are available on Monday and Wednesday mornings at 9:00 am and 10:00 am. Fee for service is \$125.00 payable by cash or check at time of the appointment. Checks are payable to UW Hospital. Sorry no credit cards accepted for this procedure.~~

Madison not available
for 2018-19

La Crosse – Call Chris Dodge at 608-785-8685. Appointments are during regular business days and will generally take under an hour. The fee for the test is \$60 with checks made payable to Human Performance Lab.

Green Bay – Call Jesse Jorgensen at 920-609-8530. The fee for the test is \$125 payable by cash, card or check made out to Bellin Health.

Results: The official results will come from the WIAA office and will be returned to the school.

See frequently asked questions:

- Over -

Frequently asked questions:

Q. Who is eligible?

A. A WIAA wrestler 1) whose original minimum weight was within 2 lbs. of the next lowest weight class, 2) has not gained or lost more than 1.5% per week since the most recent official weigh-in and 3) whose coach and parents agree that it will not be detrimental to the health of the athlete to compete in a lower weight class.

Q. Is my minimum wrestling weight my optimal weight and the body weight where I will perform my best?

A. There is no evidence, scientific or otherwise, that the minimum wrestling weight is an optimal weight for athletic performance. In fact the vast majority of wrestlers (and other athletes) compete at a body fat greater than 7%.

Q. Will you weigh me when I come for my appointment?

A. Yes, your body weight will be measured at the time of the procedure. That body weight will be used for the calculation of a new minimum wrestling weight.

Q. I passed the USG test at school, will I pass it at the clinic?

A. You were likely tested at wrestling practice in the afternoon. However, you will likely be more dehydrated in the morning than you were in the afternoon. For example, your first urine in the morning tends to be a darker color indicating dehydration. Give yourself every chance to pass by replacing fluids that have been lost.

Q. What if I am unable to provide a urine sample on arrival for my appointment?

A. Unfortunately, we will not be able to do the testing. You must pass the urine specific gravity test to be eligible for the procedure. Please drink plenty of water so you will pass the urine specific gravity test.

Q. What if I fail the urine specific gravity test when I come for my appeal?

A. We will not be able to complete the procedure and will send you home. You may retake the test 48 hours later if another appointment is available.

Q. Will you give me the results before I leave?

A. No. The official results come from the WIAA office and will be returned to the school. They will be given to the coach or athletic director.

Q. What do I wear for the test?

A. This will depend on whether your test is Hydrostatic Weighing or DXA.

For DXA - Please bring workout shorts and t-shirt. No jeans, belt buckles, shorts with zippers, pants with metal rivets, watches, or jewelry may be worn. Clothing or objects with metal are not permitted. We do not have clothing available for use. If you do not bring cloth shorts and T-shirt, you will not be tested. For Hydrostatic Weighing – You will need a swimsuit and a towel.

Q. How does the DXA test work?

A. You will lay supine on a table while an arm passes from head to toe scanning your body. There will be a slight humming sound during the procedure, however you will feel no discomfort. Eyes may be open or close, but it is important to lay quietly and completely still for the duration of the test. The scan procedure will last about 5-7 minutes, depending on the height of the athlete.

Q. Can my family or coach watch?

A. Yes, they typically enjoy watching the procedure and may be present in the lab during the DXA scan. They will not view the urine specific gravity test. The family and coach can watch the hydrostatic weighing test if they like.

Q. Is the DXA test dangerous?

A. DXA is a low dose x-ray device. Long term exposure to x-ray radiation can be harmful. However, this test uses an x-ray level that is approximately 1/1000 of a chest x-ray and is lower than the background radiation received in an airline flight of 40 minutes.

Q. How long in advance should I make an appointment?

A. There are limited appointment slots in Madison and they fill quickly. We encourage you to schedule your appointment at your earliest convenience so you are not disappointed. Please see the previous page for scheduling appointments for each site.

Q. What if I can't make the appointment?

A. Don't be a no-show. Please call the contact person for your site to let them know. These appointments are very popular and sometimes we can't accommodate all requests. Please call to cancel so we can re-open your appointment slot for another wrestler.
